LIONS CHOOSE WILLIAM PEAK NEW EXECUTIVE

Draft Resolutions Favoring Keeler for Superintendent of Schools

William K. Peak was unanimously elected president of the West Englewood Lions club, to succeed W. Merle Fisher, at the meeting of the organization last Thursday. Peak headed both the directors' and members' tickets and the members' ticket carried the election.

Dr. J. W. Seaborg was elected vice-president and Charles Dorigan and Dr. E. V. Perkins were chosen second and third vice-presidents, respectively. Al Moore was named as secretary, the only office for which there was much competition. John Kohlman, who was named on both tickets for treasurer, was elected to fill this post and the retiring president, Mr. Fisher, was chosen as a director, as was Elmer Jordan.

Clarence Bergstrom, the retiring vice-president, asked that a resolution from the West Englewood Lions club be presented to the board of education asking that Harry Keeler, principal of the Lindblom high school and one of the men being favorably considered for the appointment to the superintendency of the Chicago schools, be appointed to fill the post.

"Mr. Keeler is not working for the position," said Mr. Bergstrom, "but he offered no objections when I suggested that a resolution asking for his appointment be given to the board."

Mr. Bergstrom was chosen as chairman of the committee to draft the resolution. Letters will be sent to all the other Lions clubs in the city, asking that they take similar action. Paul Ballin made the suggestion that the co-operation of the other clubs be urged.

A vote of thanks for the work he has done during the past year, was given to President Fisher and it was announced that he will be presented with a button, emblematic of the post he has held.

Mr. Bergstrom announced that he was in receipt of a letter from Miss Flora J. Wolfson, director at Ogden Park, asking for a $10 donation from the various civic clubs of West Englewood and although no action could be taken except at a directors meeting, he announced that the money would be forthcoming.

Secretary Doll read a letter received from the headquarters of the Lions club in Illinois, bringing to the attention of the local club the proposed plan for erecting suitable monuments on the now unmarked graves of the parents of President Lincoln. The plan of financing the project will be taken up at the next directors' meeting.

Although no definite action was taken, the minstrel show project was again up for discussion and from the approval registered, indications are that it will be but a short time before some sort of entertainment is given in West Englewood by the Lions club.

Lineup for this week: toastmaster, William L. Doll; three minute talk, Walter E. Johannes; silent boost, E. V. Perkins; stationary, Chris Nemic.

WEST ENGLEWOODS WIN FROM ARROWS

The West Englewoods strengthened their claim to the 135-pound football championship of West Englewood Sunday on the Lindblom gridiron by defeating the Sangamon Arrows 6 to 0. May carried the ball over early in the second quarter for the only marker of the game.

In their eleven starts this season the West Englewoods have won the last six battles. They are scheduled to clash with the Sparklers on the Lindblom field, Sunday, and a hard game is promised, as their opponents have not had their line crossed once this year, the only score being made against them on a field goal. To defend their claim to the title in the community the West Englewoods will accept any challenge.

The real estate title was transferred through the West Englewood Trust and Savings bank, Jonas L. Alvin signing the contract for purchase for the benefit of the Order. John A. Linden was attorney for the transaction.

LOCAL WOMEN WILL GIVE OAK FOREST CHRISTMAS CHEER

P. T. A. GROUP TO VISIT INSTITUTION; INDIVIDUALS TAKE OVER RESPONSIBILITIES

Mrs. E. W. Bemis of the Board of County Commissioners, was the speaker at last Friday's meeting of the Earle Branch No. 2 Parent-Teacher association, telling the women of the need for human kindness among Oak Forest inmates, and, as a result, members of the Parent-Teacher association have determined to spend the day there Friday, December 21. They will meet in the interurban station at 63rd and Halsted st. at 10:30 o'clock in the morning. Sixty dollars will be spent on packages, in addition to those that are donated.

Mrs. Harriet Schwaegerman, 6008 Mozart st., is chairman of the affair. In addition to the association's work, Mrs. Schwaegerman plans to assume as her individual responsibility the providing of cheer for about ten old couples who live in cottages at the institution. She will go out the Sunday before Christmas to leave vases of flowers, Christmas decorations, and Christmas goodies for each of the old couples.

Mrs. Edward Silhanek, 6209 Campbell ave., P. T. A. president, was appointed chairman of a committee to care for the feeble minded children at Oak Forest. Other members are Mrs. Anton Cermak, and Mrs. Frances Knorek. Whereas it had been planned that the committee would secure the co-operation of various organizations, the three women have decided that they wish to do the work themselves. They also will go to Oak Forest Sunday, December 23, with a large Christmas tree and Christmas gifts.

PROTEST FROM BASS SCHOOL ON CONDITIONS

A protest meeting, was held by members of the Perkins-Bass School Parent-Teacher association Friday evening, December 7, for the purpose of bringing before the board of education once again the need for immediate relief from the present overcrowded conditions.

A petition was drawn up asking for an addition with an assembly hall, gymnasium and about six extra classrooms.

"The situation is all the more acute at this time," declared Mrs. Waldemar Veazie, chairman of the P. T. A. building committee, "since the board of education has taken our portable away. As a result, the first grade children are on half-day sessions. The taxpayers in the Perkins-Bass district feel that the school has been sadly neglected," Mrs. Veazie said. "The building, besides being too small, is considered unsafe in regard to fire, with its oided wooden stairways, and no fire escapes."

The explanation given by the board of education for ignoring repeated petitions for improvement of conditions at this school is that increased population in other districts makes action elsewhere more urgent.

"We feel the answer to that could well be made that increased population in some districts should not decrease the amount in taxes normally available for other districts equally in need of appropriations," said Mrs. Veazie.

A special committee appointed at the last meeting will meet soon to put the new petition in the hands of the board of education.

BRIGHT LIGHTS LEAD TO DEATH OF CAR DRIVER

Michael J. Caulfield, Switchman, Crushed by Grand Trunk Train

Two met death from accidents in the district during the past week, one under train wheels and the other in an auto crash.

While attempting to board a moving freight car in the Grand Trunk railroad yards at 55th st. and Central Park ave., late Sunday night, Michael Joseph Caulfield, a switchman, slipped and fell under the wheels, and was killed.

Both legs and one arm were severed from Caulfield's body and he died before aid could be summoned. His home is at 5602 Marshfield ave.

He is survived by a wife and one young daughter, Dorothy, also several sisters and brothers. The funeral service was held Wednesday morning at 9:30 o'clock from the home to St. Basil's church. Burial was in Mt. Olivet cemetery.

Glaring headlights of a passing auto caused Ralph Euwema, 23 years old, 2101 N. Kedzie ave., to drive his car into the ditch at 60th st. and Hamlin ave., late Wednesday night and he was pinned underneath the wreckage, sustaining fatal injuries. The car that caused the accident failed to stop.

Euwema's car was eastbound on 60th st. when the bright lights from a car coming from the opposite direction blinded him. When the car crashed into the ditch it overturned and he was caught beneath it. Bernard Barr, 1536 W. 14th pl., who was a passenger of Euwema's car was thrown clear of the overturned machine and with the aid of a passing motorist he extricated the injured man. BANK CASHIER HELD UP AND ROBBED OF $4,700 ON FRIDAY

ON WAY TO BANK WITH LOAN ASSOCIATION COLLECTIONS; VICTIM IS HELPLESS

While carrying $4,700 to the Depositors State bank Friday morning, Stanley F. Boghanski, 5634 Wood st., was held up and robbed by armed bandits at 48th and Hermitage.

Boghanski, who is cashier of the bank, was taking the money, the proceeds of a building and loan association's collections, to deposit it when the bandits, in a large automobile, overtook him. While one of the robbers remained in the car his partners jumped out and forced Boghanski, who was caught unawares, to throw up his hands. One of the pair seized the satchel containing the money.

As the robbers were about to get into the car Sergeant Thomas Christy of the New City station, turned the corner and saw them. He drew his gun and, running toward the car, fired at the thieves. The bandits returned the fire as the car sped away. Max Hosang, 2738 Union ave., a teamster, who was passing on his wagon at the time, was struck and seriously wounded by a stray bullet. It is believed that one of the bandits was hit by a bullet from Christie's gun.

DEVER PROMISES NEW SCHOOL IN NEXT BUDGET

Marquette Manor Enthusiastic Over Recent Assurance to Byrne

Relief for the overcrowded conditions at Earle school, Branch 2, is in sight and enthusiasm in Marquette Manor waxes high over the letter received by Alderman Thomas F. Byrne, from Mayor Dever stating that the school had been placed on the next budget.

Residents of the Manor district are now united in attempting to secure for their school top place on the budget, and means of doing this were discussed at length at the mass gathering sponsored by the Marquette Manor Improvement association Sunday afternoon at Marquette Manor club house, where William Ruehle, president of the association, presided.

Agitation for the new building has been pushed by the school Parent-Teacher association and two weeks ago a delegation of Marquette Manor men and women were received by Mayor Dever before whom they presented the local situation.

The letter to Alderman Byrne read as follows:

"Alderman Thomas F. Byrne,

"My Dear Alderman:

"On your insistence, I took up with Mr. Moderwell, president of the board of education, the request which you and your committee made for the erection of a new school building in Marquette Manor.

"It gives me great pleasure to report to you that Mr. Moderwell informed me last evening that the board of education will include in its next budget an item for the building of a fine school such as you and your committee have requested.

"I wish you could convey this information to your friends.

"Cordially yours,

"WILLIAM E. DEVER,

"Mayor."

One of the first steps to be taken in bringing the attention of the school board to the necessity of more school accommodations for Marquette Manor, it was decided upon at Sunday's meeting, is to give Superintendent Mortenson an urgent invitation to visit the vicinity and see for himself the growth there in population and business and the need for better educational facilities. President Ruehle will appoint two members of the Marquette Manor Improvement association to accompany him this week to the office of the superintendent of schools and personally deliver the invitation from the association.

Activities of the association will be brought near home to each resident of the Manor by the plan which was discussed Sunday to form zones, or block branches of the organization, with a captain named in each block to receive complaints which should be considered by the association. This plan will be further discussed at the next meeting of the body, January 9, at the Marquette Manor club rooms. Sixty-five members were present Sunday. Many were women and all were Manor residents.

Alderman Byrne reported that eleven hundred new lights are to be installed in Marquette Manor in April.

Mr. Walsh, past president of the Southwest District Improvement association, told of the formation of the old southwest district, sketching the problems which confronted residents there and gave the Marquette Manor Improvement association encouragement in the work it is doing.

MORE DELAY—WHY?

Evidently, to the council committee on local industries, streets and alleys, the time of the public is worth little or nothing. For the second time the hearing on the Aberdeen st. sewer proposition has been postponed. Last week 400 people, business and professional men who could ill afford the time away from their shops and offices, property owners, including busy housewives, who were needed in their homes, were in attendance. The hearing took the better part of a day. Let us call it a half day to be conservative. The startling total of 200 full work days expended—on a good cause, to be sure, but with the situation no nearer a solution than it was in the beginning. That is to say nothing of the hearing a fortnight previously, and the one that is to be held next week, and those that have been held in past years.

We don't want a big proposition that will involve the expenditure of the taxpayers' money rushed into blindly, but unnecessary postponement is inexcusable.

Delay may mean gross unfairness to either the opposition or approving element. There is great danger, when the date of a public hearing is repeatedly set ahead, that confusion with regard to the time or importance of a second appearance will become widespread in one or the other "camps" and, with a non-representative group in attendance, something may be "put over" which is not the will of the general public.

The absolute necessity, then, of an even larger and more general attendance at next Tuesday's hearing than was had last week should not be lost sight of. If you are in favor of it, you should make majority in this part of the interested section are, you should make it your personal responsibility to be there. It is the element working for the improvement that has the uphill job, for, while it is human nature to have decided opinions on what we don't want, the creation of an aggressive desire for putting through a progressive measure requires considerable initiative. It is so much easier to let well enough, or even bad enough, alone.

Opposition to the proposed sewer centers about the fact that sections not as vitally affected by the floods which result from existing inefficient facilities will receive the benefit of the new sewer and must help to pay for it.

The sentiment is not to be wondered at. Neither is it strange to question the wisdom of a city engineer who plans a new sewer where, to all seeming, a sewer is not needed. The plans should be questioned, as expertly as possible. But it is shortsighted indeed for the uninformed individual to determine that the proposed plan is unwise, and fight it, just because of this condition. City engineers, who are interested in arousing as little opposition as possible to proposed improvements, say it is the only efficient way to build the sewer. Our arbitrary opinions in the matter should be backed by intelligent advice and criticism.

AN ABSENT COMMISSIONER?

Whether or not the personnel of the Board of South Park Commissioners consists of men who are vitally interested in and thoroughly conversant with the conduct of local affairs, or are absentees from the district affected, is of supreme importance to the South Park district. Consequently, the appointment of a commissioner to be made in January, as a result of the expiration of the term of John Barton Payne, president of the board, is arousing much interest in Southtown.

We want a local man. Will the circuit court judges give due consideration to the wishes of the residents in the South Park district when they make the appointment? Last year, when the term of Albert Mohr expired, his candidacy for re-appointment was endorsed by seventy-two improvement and civic organizations of the south side and petitions favoring him that were circulated, received over 20,000 individual signatures. But Bernard E. Sunny was appointed. Just how effective will it be if a public demonstration in favor of one man or another is made this year?

Judge Payne is practically no longer a resident of Chicago, to say nothing of residing in the South Park district. Whether or not he seeks the reappointment we do not know. But no matter how able he may have been and is, we believe his position should be filled by one who lives and works in the midst of conditions that result from the activities of the board and, consequently has a first hand interest in conducting its affairs to the best interests of the people of the district.

His friends are naming Carl P. Morgan, editor of the Calumet Index and associated newspapers, for the job. Mr. Morgan is an able newspaper man, and through the public nature of his work and the fact that he has spent his entire life on the south side, is probably as thoroughly conversant with existing situations here as it is possible for any one man to be. He has the respect and admiration of his fellow newspapermen, as well as that of other business and professional men who know him. He is a good candidate for the place. With John Bain of West Englewood the only south side member of the board at present, we should do everything possible to secure the appointment of a man who will represent our district.

PEACE
By the Rev. E. V. Griswold
Pastor St. Matthew's Church

In his succinct and sententious message to congress, which has won for him many friends and much well-deserved comment, President Coolidge says: "For us peace reigns everywhere. We desire to perpetuate it always by granting full justice to others and requiring of others full justice to ourselves."

In our endeavors to attain a world's peace one wonders whether or not we have been placing the emphasis where it belongs. A great deal in the way of vague generalities is seen and heard, such as "inequalities in privileges," "social injustice," "racial and social inequalities," "privileged classes," "group control," etc., etc. It does not require a keen intellect to observe that all men are not "created free and equal," and that the world would not be in the advanced stage of civilization that it is today, if they were.

It has been estimated that from the year 1550 B. C. there have been 3,130 years of war, and only 343 years of peace. One of those blessed periods was when the Prince of Peace came.

"No war or battle sound,
Was heard the world around."

No mortal was ever born in the humility and poverty, nor lived in the self-sacrifice and service, as did the world's Redeemer. If the world wants peace, it must think less of its personal privileges and prerogatives. Peace that is to be permanent must live dangerously and daringly. It will not come with freedom from suffering and sacrifice; it will not come with respectability and comforts; it will not come with material benefits and pleasures; it will not come with equality of privileges and endowments. It will come when we feel the importance of granting full justice to others equally with requiring of others full justice to ourselves, when we think more of our responsibilities than we do of our rights, when we forget ourselves and are willing to live in the spirit of Him who, though he was God, was born in a stable, cradled in a manger, and died on a cross.

One Man Has Made a Fortune

buying and selling Real Estate. This man, who lives in the neighborhood, has had several deals thru this office. In a conversation recently he stated that he never buys property direct from the owners because he has found it easier to deal with reputable Real Estate dealers and there is less trouble concerning the details of the deal.

Inexperienced buyers, and even experienced buyers sometimes, are not capable of judging a particular property like a man who is in the business near it. A modern Real Estate man is posted on all developments of whatever character, and can give you sane advice which wise men who have made lots of money are always anxious to take.

You, too, should take advantage of the services offered by this long established reputable organization of realtors.

WHY DOES SUCCESS KILL HAPPINESS

Drab days of struggle, when the wife fought off grim adversity shoulder to shoulder with her husband. Then prosperity, affluence, luxury—and dissatisfaction. Just when the home is made secure, the wider vistas of the social world call, disintegrating influences beckon—the divorce court looms.

An absorbing photoplay with a real mission has just reached the screen It comes as if in answer to the perplexities of married folk who face a schism in their relations. Its title is the all-inclusive one of "Divorce," and it strikes at the very root of the evil. See how Jane Parker, as played by Jane Novak, met the crisis of her married life, at the Hillside theater, 1515 W. 69th st., next Wednesday, you who have discovered a fly in the fireside ointment—and go home to make up.

Seen in support of Miss Novak in this production, which has been directed by the capable Chester Bennett, are John Bowers, James Corrigan, Edythe Chapman, Margaret Livingston, Freeman Wood, George Fisher and Master Philippe DeLacy. Andrew Bennison is the author, and the play bears the imprimature of F. B. O.

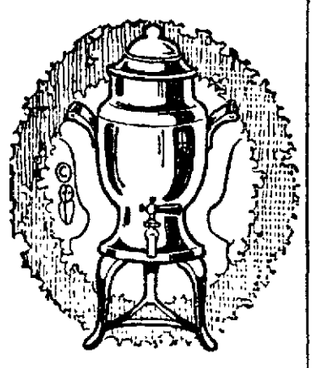
Electric Iron
Can you, who have an electric iron, imagine ironing the old way? Of course you can't. When you buy your next iron, don't buy just any kind. Insist on the best. Come in and see the several makes we carry. Every one is a good iron, strongly made and well worth the money. We have many models to show you—any one of which will be an ideal present.

Chafing Dish
A chafing dish for Christmas—wouldn't that make any woman happy! It is always so handy to have if company drops in—for Sunday evening tea—for any number of affairs. Christmas is a good time to get one of these chafing dishes for your wife. Stop in today and look them over.



Electric Percolator
We carry a large stock of percolators at all times, and an especially large stock at Christmas time. We have several different styles and makes. Every woman likes an electric percolator. Just come in and see them before Christmas. You may want one.

RADIO SETS

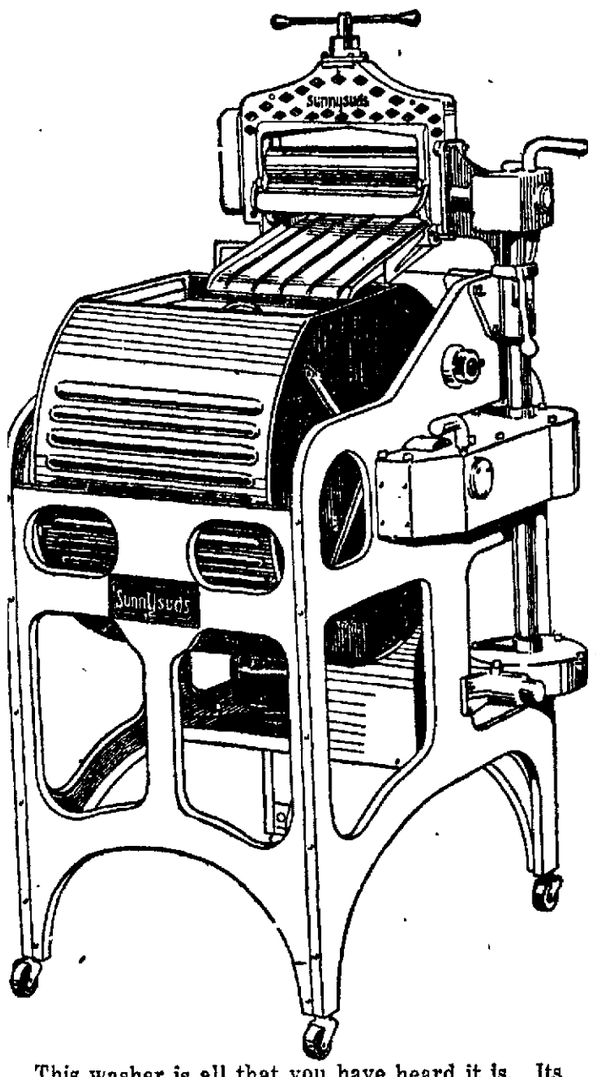
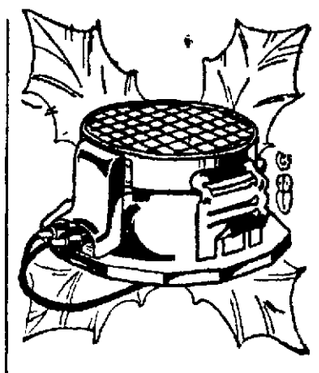
Sunnysuds (NZ)
Electric Washer & Wringer
A Remarkable Washer at a Remarkable Price

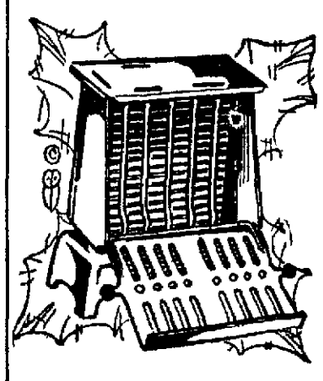


This washer is all that you have heard it is. Its splendid lasting qualities, its ease of running, its completeness in every way, has made a reputation for it second to no other machine on the market. Nothing could please your wife any more for Christmas than a washing machine—something that will make her work easier and will give her more leisure hours. Give her a washer and give her the best.

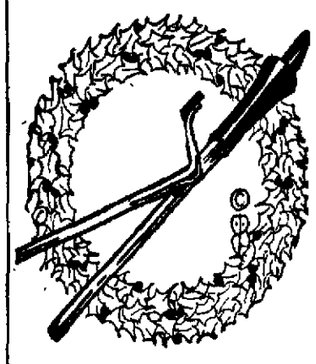
Liberty Vacuum Cleaner
A powerful suction sweeper, sturdily built and easy to handle. One of the main features of this wonderful cleaner is the traction brush, a brush that is driven by a belt from the wheels. Thus the brush revolves at the same rate of speed as the sweeper is being pushed over the floor—no faster—and consequently does not injure the rug. By revolving it picks up all hairs, string, etc. Make your wife happy by giving her a Liberty.



Electric Waffle Iron
Waffles! Everybody knows how good they are, but they are always best when they are cooked on an electric waffle iron. These irons are all substantially made and very serviceable. Above all, they are priced within your reach. We suggest this as a Christmas gift that we know will be bound to please.



Electric Toaster
It certainly is nice to be able to sit at the table and make your toast. No jumping up and down—no leaving the table—simply press the button and your toast is made. An electric toaster is such a convenience. Give her one for Christmas.



Electric Curler
Even heat is essential in curling the hair, and even heat is attained only by use of an electric curling iron. The handiness of it makes one wonder how she got along without it before she had one. Always an acceptable gift.

WHY NOT A BOND
for
CHRISTMAS?

Millions of good hard-earned American Dollars will be spent during this month for Christmas presents that will be absolutely valueless after January 1st.

Are you more thankful for gifts which afforded momentary pleasure or those which have brought to you years of service and material gain? Your children in years to come will be just as grateful as you would today had your parents given you Christmas gifts in the form of safe investments. The coupon they clip every six months will remind them of you for years to come, and perhaps their ultimate success in life will be attributed to your thoughtfulness in inculcating in their young, plastic minds the habit of saving and investing every surplus dollar they earned.

This Bank can supply you with bonds as low as $100.00. You may buy outright or on our easy partial payment plan.

We can furnish you with a beautiful little booklet, free, which will assist you in keeping track of your investments.

LINDBLOM DROPS DOUBLE HEADER TO EVANSTON

Heavyweight Contest a Hot Fight, Not Decided Till Final Minutes

Lindblom basketeers dropped both ends of a double bill to Evanston high school at the Evanston Y. M. C. A., Saturday, the heavies losing by the narrow margin of 10 to 9 and the lights being defeated, 19 to 13.

The heavyweight contest was hotly contested throughout and was not decided until the final minutes of play, when Cameron, an Evanston sub forward, who was shot into the game, dropped the ball through the hoop.

Lindblom led at the half, 6 to 5, and increased the lead to 9 to 7 at the end of the third session. Evanston guards played a close game in the final round and while they held the Lindblom squad scoreless their teammates put through the basket a free throw that won the game.

Gorby starred for Evanston in the lightweight contest with four field goals. Lindblom got the jump and led at the end of the first round, 5 to 2. They were held scoreless in the second quarter and the north shore team forged ahead, 9 to 5. Both teams scored 6 points in the closing session. Whitmer and Mulhall starred for Lindblom with four points apiece.

LOOKABAUGH ADVANCES IN BILLIARD LEAGUE

Earl Lookabaugh improved his standing in the Chicago Three-cushion Billiard league, Friday, at the Rainbow Recreation rooms by downing Piere Maupome, with a handicap of 60, 55 to 35, in 56 innings.

Lookabaugh, who carries a handicap of 55, made the high run of the game, a 5. He missed his first shot but on his second try clicked off the 5 and from then on was never headed.

Maupome, although failing to register the easy shots consistently made some spectacular plays. Maupome's best effort brought him a high run of four.

THOBURN BASKETEERS BEGIN REPETITION OF LAST YEAR'S RECORD

OWLS, LAST YEAR CHAMPS, AND BANTAMS WIN OVER ENGLEWOOD AND INGLESIDE

Thoburn Church cagers won a double victory, Friday, when the Owls, champions in the south division of the church league last year, trimmed the Englewood Presbyterian five, 28 to 9, at Lindblom high and the Bantams defeated the Ingleside M. E., 15 to 9, at the South Side Turner hall.

Captain Ty Davis led the point gathering for the Thoburn squad, caging six baskets and sinking two throws on fouls. Larry Burke and Swede Granberg ran up the total with four and three baskets from the floor, Granberg's shots being lengthy ones. The teams battled evenly in the opening session, the quarter ending with the count 2 all, but the Owls then forged ahead.

Kalchbremer and Dutton shared the limelight in the junior game, the former being credited with two ringers and a free throw, while the latter caged three baskets on a free throw.

Englewood Boy May Receive Signal Honor

An Englewood young man, Lieut Harry Mills, son of Mr. and Mrs W. A. Mills, 6453 Aberdeen st., who is now stationed at the Wilbur Wright flying field at Dayton, Ohio, is being named as one of the probable favored aviators to be chosen to make the around-the-world cruise which will be taken next year by United States army pilots.

No definte appointments have yet been made, but around the camp Lieut Mills is being talked of as one of the most probable candidates.

Ten men are to be selected for the trip The starting point in the United States has not yet been determined upon but the flying will probably be in general outline, north to Alaska across the Bering Straits to the coast of Asia, flying from island to island to India, thence to Persia, Scandinavia, Greenland, and then south to the starting point. Major General Mason M Patrick, chief of the United States army air service is personally interesting himself in the project

Young Mills attended the Kershaw school and was graduated from Englewood high school. He studied medicine two and one half years at the University of Chicago but during the war entered the aviation service So fascinating has he found flying that he did not wish to return to the medical profession

It is no wonder that Lieutenant Mills does not hesitate to meet the hazards in an aviator's life for he has one of the "gamest" mothers to be found in the whole United States Mrs Mills, who is 66 years of age, spent a month with her son late in the summer While there she "flew" with her son piloting the ship in a Martin bomber. And is she proud of her military son? Just ask her!
